151-200	32	60		110+		160+	

Students – Total Number on Roll

The total number of students at your school indicates the number of pages required for your yearbook and the minimum number of books to be ordered to achieve the prices shown above. Should your requirements fall outside this structure, we would be happy to supply a bespoke quotation.

Pages including Cover

The number of pages is proportional to the number of students at your school. Two pages are allowed for each standard class group including individual student pictures, and the cover comprises four pages – the remaining pages (approximately half) are available for general pictures, headteacher's introduction, staff pictures, etc.

Minimum Order

This is dictated by the number of pages required – a minimum volume for Schoolyearbooks.net to produce your yearbook within the prices shown. To enable all schools to benefit from our Volume Discounts, the number of books initially ordered can be increased when final confirmation is requested by us prior to commencement of printing.

Price per Book

The most any school will pay is £7.95 per yearbook. The first way you can influence your yearbook price – a reduction of £1 for every book – is by completing the accompanying Provisional Order form and returning it to us, along with your deposit cheque, to arrive no later than 31st October 2010. Prices can be reduced further by taking advantage of our Volume Discounts below.

Volume Discounts

Schoolyearbooks.net will share the benefits of larger quantities of books ordered with the schools it serves – the respective reductions of £1 and £2 per book for schools achieving the 1st and 2nd Discount quantities of Books Ordered is applied to ALL books produced. Of course, yearbooks are not only sold to pupils and parents – teachers, general staff, governors, PTFA members and other pupil friends and relatives are all potential buyers.

Deposit

An initial £3 deposit payment is required for each yearbook ordered. The minimum deposit for your school will be £3 multiplied by the 'Minimum Order' quantity.

What Our Customers Say ...

As far as I'm concerned producing a Yearbook with Schoolyearbooks has always been a very straightforward and efficient process. We find the finished product to be of a very high quality, and it proves to be really popular with both pupils and parents alike. The support we receive, has always been first class as well, with proofs being edited and sent back very promptly. I would highly recommend their service to all schools. The Yearbooks really do provide a lovely record and memento of the school year.

M Peacock, Headteacher
Brackenagh West Primary School

I want to thank the staff at Schoolyearbooks.net for an exceptional yearbook for Biggin Hill Primary School. They have done our yearbook for the last 2 years and we have now asked them to do it for the 3rd year running. I have found them very easy to work with; reliable, quick and professional having provided a beautiful book that we were very proud to present to our children and parents as a year 6 leavers present.

Jona-Greta Einarsdottir,
Friend of Biggin Hill Primary School

For the past two years, Schoolyearbooks has helped us create brilliant yearbooks for your year six classes. The staff made the process easy and the support was excellent. The quality of the books is testament to the service Schoolyearbooks provides.

Everyone has been very pleased with the yearbook and excited to have such a wonderful keepsake from our primary school.

We are looking forward to the 2011 edition!

Jensena Williams
Bailey's Court Primary School

I am very pleased with the outcome of our yearbooks. They are of a high quality and a lovely way to celebrate the children's time at our school. The children thoroughly enjoyed posing for the pictures and thinking back to memories of their first day. All the information was collected on a memory stick and the year book team did the rest of the work. The books were delivered quickly and were a well worth the money.

King's Court First School

A really nice quality yearbook that ticks all the boxes for an end of Year 6 product. Staff are very helpful with excellent advice about about layout etc. Although easy to do I would suggest you start collecting photographs from the start of the school year.

Great Berry Primary School
